

# Castle School's Maiden Classic Car and Bike Run

## Celebrating its tenth year by raising money for Tŷ Hafan

The sun finally broke through the clouds and the rain dried up just in time for the convoy of classic cars and bikes to set off from Haverfordwest as part of the school's annual vintage car rally. Over 35 cars and a handful of bikes took part, wending their way through the glorious Pembrokeshire countryside, via the Cleddau bridge, on to Carew and then across country to Canaston Bridge before make their way to grade II listed Sodston Manor, home of Castle School.

Staff were on hand to marshall everyone into position whilst others were busy preparing bacon butties, generously provided by one of the parents, as drivers were welcomed into the school's grounds. The PTA were also on hand to hand out hot tea and coffee and special thanks must go to them for baking yet another delicious array of cakes all of which were quickly devoured.

Pupils, young and old, past and present, were seen nosing under bonnets or sitting behind the wheel of various cars and we really appreciated the patience owners displayed when talking about their prized vehicles.

And as if the owners hadn't already been generous enough in giving up their time to help us with this fundraising venture, they also dug deep and the school's bursar, Mrs Stratford, was delighted to be able to announce that about £300 was raised in just a couple of hours, helping to kick off the school's ambitious target of raising £10,000 in this their 10<sup>th</sup> year for Tŷ Hafan.

You can see more images of all the cars on our facebook page [here](#)
