

PREP RESIDENTIAL TRIP TO LLANION COVE

After trips to Folly Farm and a camp-out at the school's Outdoor Centre, we weren't sure that the pupils would have the stamina for a residential trip to Llanion Cove's activity centre in Pembroke Dock. But, as usual, they proved us wrong.

Llanion Cove is located in a picturesque ancient woodland area on the banks of the river Cleddau and the centre offers kayaking, sailing and many other water based activities. The pupils had the chance to practise their balancing skills on the paddle boards and to race against each other in canoes.

Within the grounds there is an indoor climbing wall that the students took full advantage of as well as a five aside / basketball court that they used for different team building exercises.
